

VOLUNTEER ENGAGEMENT TRAINING PROGRAM

INTERACTIVE | UPDATED IN 2020 | RELEVANT | AFFORDABLE

MARCH 1 - 3 & MARCH 9 - 10, 2022

If 2020 was the year of cancelled plans and 2021 was the year of catching up, then 2022 is the year of innovation! Let's take what we have learned about volunteer engagement during the last two years and make it a priority in developing creative, relevant, and valued volunteer initiatives. Let's invest in our volunteers the way they invest in us!

Each module in this course (provided by Points of Light) will empower volunteer managers and coordinators – both formal and informal – to return to their organization and to their team with ready-to-use tools, best practices, and innovative ideas that, when fully adopted, will boost volunteer engagement in a way that naturally fosters long-term volunteers. We will also introduce the Supportive Environments for Effectiveness (SEE) framework. When nonprofits adopt a SEE-mindset and experiment with small changes in their work environments, transformation is possible.

Enrollment is limited to 23 participants!

Module	Date	Time	Location	Fee	Registration Deadline
1. Establishing the Framework	Tues, 3/1/22	1 - 4 pm	In-person @ VH	\$50	Tues, 2/22/22
